> BEN STINSON, P. M. No Paper To-morrow.

The printers design keeping Christmas to-

day, and consequently there will be no paper fusued te-morrow from this office. Our handswork day and night, like good, faithful men and boys as they are, and they certainly deserve the few holidays they secure.

- Christmas came in yesterday cold and wintry. It is pretty generally conceded that today is the practical Christmas, out of the church. We hope it may prove a general holiday. - The Cincinnati has been raised. We

hope to see her soon again running as a Louisviile and St Louis packet.

- There was fine skating on the canal last Saturday. A great many persons, little and big, were there, and all appeared to enjoy themselves finely. The canal appears to be useful in win ter as well as summer.

The steamer Cornelia, a St. Louis and Alton packet, was sunk on Saturday evening, Turkish frigate. while on her downward trip, nine miles above St. Louis. The water wa- up to her toilers .-She had no freight, and no one sustained any injury. It is believed that she can be raised. She was insured in three offices in St. Louis for \$15 .- the Divan.

Messrs. Eads & Nelson have been called upon to raise the Cornelia. They have just rais. ed the Cincinnati, and appear very successful in their undertakings. They are old acquaintances of ours, an lenergetic gentlemen. They de" serve to make a great raise for themselves, and we presume they are doing it.

- The Eclipse arrived here Saturday morning from Cairo, where she has been spending some ten days awaiting a rise in the river. She was quite light, and had a barge in tow, was drawing about all the water in the river and striving to get to Louisville to spend Christmas

-All our Forwarding and Commission Merchants have on hand large quantities of produce for New Orlean s. Tobacco, pork and lard are accumulating on their hands. In consequence of the low stage of the Ohio all the large New Georgia. Orleans boats have laid up to await a rise.

The new and fine steamer Antelope passed down on her first trip on Saturday, freighted lief. . for New Orleans. She is a New Albany boat throughout-built, finished, furnished, equiped and launched at New Albany. The A. is said by steamboatmen to have the best running model of lany boat on the river. She possesses immense power; and will no doubt make the of enthusiasm. The armies are abundantly horns 'of the Shotwell tremble, when she does provisioned and regularly paid. The Russians her first running. She is commanded by Capt-Brown, formerly of the Gen. Lafayette, who never allows a steamboat wheel to turn without creating a "swell in the pocket."

- Last Saturday we received from the hands of a couple ladies connected with the German United Evangelical Church, a large and beautiully iced cake. We thank them kindly for their attention, and our only regret is, we were not able to attend the fair, and eat cake with Church prefers Turkey to Russia. the ladies themselves. Still we heartily rejoice 40 hear they did much better than could reasonably have been expected considering the bad weather. The receipts of the fair were between the Wallachia had retired before Ismael six and seven hundred dollars. We hope our Pacha. lady friends are not disappointed.
